

RWOT8 BARCELONA

MARCH 1, 2, 3, 2019

REBOOTING
the WEB / TRUST

WELCOME PACK

REBOOTING THE WEB OF TRUST DESIGN WORKSHOPS

CREATING THE NEXT GENERATION OF DECENTRALIZED WEB OF TRUST IDENTITY SYSTEMS

The Rebooting the Web of Trust (RWOT) facilitated design workshops bring together global leaders and researchers in technology, sociology, and industry with veterans of the Web of Trust to discuss and define the next generation of decentralized identity and trust systems.

The RWOT design workshops measure success through concrete outputs in the form of white papers and specifications, with the aim of influencing standards organizations and enabling its members to develop industry leading solutions.

ABOUT CAELUM LABS

LOCAL ORGANIZERS OF RWOT #8

Caelum Labs is an agnostic blockchain solutions company based in Barcelona. Its members work together to develop the best prototypes and ideas for businesses and public administrations, solving problems and addressing new challenges of the industry and society.

We are currently putting many efforts to develop self-sovereign identity solutions as we believe is one of the main pillars for a fair society and a need for all our projects.

TRAINS (RENFE) - 902 320 320

Sim card

If you need phone/data connection during your stay there are several pre-paid SIMCARD you can buy one in the following shops: Lycamobile, Vodafone, Orange, Yoigo.

FLIGHTS & HOW TO ARRIVE

Barcelona - El Prat (Airport)

The international airport of Barcelona (El Prat) is located 12km from the city center.

AEROBUS

It goes directly between the airport and the city center (stops in Plaça Catalunya and Plaça Espanya). When going to the airport, it is important to take the appropriate bus to the terminal your flight leaves from (A1 = terminal 1; A2 = terminal2). The frequency is about every 5-10 minutes for Terminal 1, every 10-20 minutes for Terminal 2 (depending on the time of day), from 5:30 am to 12:30 am. The journey lasts about 35 minutes and it costs 5,90€.

Check www.aerobusbcn.com to confirm schedules and fares.

METRO

To get from the airport the cheapest way to arrive to Barcelona center is by Metro line L9 Sud. If you want a single ticket it will cost you €4,50, but is included if you buy one of the following cards: T-Dia, T-Mes, T-Jove, T-Trimestre, T-50/30 and T-70/30.

TRAIN

The frequency is every 30 minutes, from approximately 6:00 am to 10:00 pm. The length of the trip is around 25 minutes. Normally you have to take R2, which stops at Sants and Passeig de Gràcia. This train leaves from Terminal 2. It costs the same as metro ticket.

From Airport to Hotel

If you are hosted in one of the hotels near the RWOT venue the best way is to take a taxi from the Airport to the hotel (5-10min)

TRANSPORTATION

Best apps for maps and journeys are Google Maps and Citymapper

Inside Barcelona

METRO & BUS

The tickets available, which can be used in metro&bus are:

- One-way ticket: €2.20
- T-10, which includes ten journeys: €10.20
- T-Dia, unlimited trips within a day: €8.60
- T50/30, 50 journeys made in 30 consecutive days: €43.50

Ticket-machines inside Metro Stations to buy multiple-journey cards.
More information: <https://www.tmb.cat/en/barcelona/fares-metro-bus>

TAXI / HUBER / CABIFY

To call a taxi you can use an app called MyTaxi that you can find on Google Play & Apple Store: <https://es.mytaxi.com>

At this moment Uber/Cabify & other ride-hailing apps are not available.

Outside Barcelona

TRAIN

You can move around Catalonia and Spain using RENFE trains. There are three main stations in Barcelona: Barcelona Sants, Barcelona Passeig de Gràcia and Barcelona Estació de França

<http://www.renfe.com>

To move around Catalonia you can also use FGC, The main Station is Plaça Catalunya.

<https://www.fgc.cat/en/>

BUS

There are several private bus companies that you can use to move around Catalonia, Spain and Europe. In the following link you can plan your trip:
<https://mou-te.gencat.cat/portada-moute.html#/en/portada>

GENERAL INFORMATION

Population

1.6 million in Barcelona City (city area about 101 km²), and a total of 3 million when including surrounding areas.

Languages

Catalan (Català) and Spanish (Castellano) are the official languages. Be aware that not all the people understand english.

Electricity

In Barcelona we use C and F types of plugs - EU standard. Electricity is 230V at 50Hz.

Security

Barcelona is a really crowded and turistic city, be careful of your belonging in the city center and public transport.

Currency

The official currency used in Barcelona is the Euro (€). But if you look well, you can even find places to pay in crypto :P

Traditions

The most important traditions in Catalonia are Castelleres (human castles), la Sardana (folk dance), el caganer (ask someone about it), el tió (our own Santa Klaus in a log shape) and els correfocs (a group of devils causing caos on the street!)

CATALAN PHRASEBOOK

Bon dia! = Hello! Good morning!

Bona tarda! = Good afternoon / evening!

Bona nit! = Good night!

Hola! = Hi! / Hello!

Adéu!/A reveure! = Bye!/See you later!

WHAT TO SEE IN BARCELONA (MORE INFO TO COME...)

Plaça Catalunya

It's a large square in Barcelona that is generally considered to be both its city centre and the place where the old city (see Barri Gòtic and Raval, in Ciutat Vella) and the 19th century-built Eixample meet.

Sagrada Família

It's a large Roman Catholic church in Barcelona, designed by Catalan architect Antoni Gaudí (1852–1926). Gaudí's work on the building is part of a UNESCO World Heritage Site.

Barceloneta Quarter

La Barceloneta neighbourhood is known for its sandy beach (which made an appearance in Don Quixote, book 2) and its many restaurants and nightclubs along the boardwalk.

Barri Gòtic Quarter

Barri Gòtic is the centre of the old city of Barcelona. Encompasses the oldest parts of the city of Barcelona, and includes the remains of the city's Roman wall and several notable medieval landmarks

Plaça Sant Jaume

Plaça de Sant Jaume is a square at the center of the Old City of Barcelona. The Catalan government palace and the City Hall are located here across from one another.

Les Rambles

It's the most famous street in central Barcelona. The Spanish poet Federico García Lorca once said that La Rambla was "the only street in the world which I wish would never end."

Passeig de Gràcia

Passeig de Gràcia is one of the major avenues in Barcelona and one of its most important shopping and business areas, containing several of the city's most celebrated pieces of architecture, mainly from catalan modernism

Parc Güell

Parc Güell is a public park system composed of gardens and architectonic elements from catalan modernism, designed by Antoni Gaudí

BECOME A MEMBER

In December 2018, as part of our ongoing effort to support and grow the community, Rebooting the Web of Trust incorporated as a not-for-profit mutual-benefit association.

A key benefit of this new structure is a greater opportunity for participation by community members.

This workshop, Rebooting the Web of Trust VIII, is the first opportunity to become a paying member and directly support the new organization. Members receive discounts at all Rebooting the Web of Trust events and have additional opportunities to participate in organizational governance.

Annual Membership: US\$100

Workshop Discount: US\$50

Purchase the bundled membership with your ticket to receive \$50 off this workshop and all the benefits of a full-year membership in Rebooting the Web of Trust. These discounts will continue; our goal is to assure that anyone who attends two workshops in a given year gets their membership fee back in the form of discounts.

REBOOTING the WEB of TRUST

ABOUT REBOOTING THE WEB OF TRUST, INC

A 501(c)(6) mutual benefit association incorporated in the United States, Rebooting the Web of Trust, Inc. gathers passionate professionals to define, explore, and advocate for decentralized identity. We hold workshops and salons where we discuss, collaboratively write, and ultimately publish ground-breaking papers to help shape the future of identity.

Decentralized identity allows individuals to directly manage how others recognize, remember, and respond to us. Instead of dependence on state- or corporate-issued IDs—acting as both root identifiers and reliable credentials—decentralized identity gives individuals a way to create and manage identifiers that can be used to construct reliable identity on demand. Individuals use these identifiers to create and selectively disclose both self-asserted claims and credentials from trustworthy authorities, with any receiving party—without the unnecessary privacy risks found in legacy identity architectures.

The goal is to define a privacy-centric and censorship-resistant identity architecture where no single entity can deny its use and well-known authorities like local governments and sovereign states can provide reliable attestations without revealing to those authorities when and where such attestations are used.

Our goal is ubiquitous individual-controlled identity without ubiquitous surveillance. This is a work in progress.

We are a volunteer-driven membership organization. We depend on the passion of professionals and the support of sponsors to realize our goals. If you'd like to be a part of building a better identity architecture for a better world, please join us.
